

THIS IS OUR MOMENT TO MAKE HISTORY AND WE NEED YOUR HELP

HOW CAN YOU HELP ACHIEVE A CURE FOR SCI?

We are seeking donations of goods, services or experiences to auction at our upcoming **"Everything is Possible"** Gala Dinner, 23rd March 2024 to help fund a human clinical trial for 10 people living with paralysis.

TYPE OF PRIZE DONATIONS

• LIVE AUCTION ITEMS / MINIMUM VALUE \$8,000

Additional acknowledgment includes:

- Auctioneer Announcement
- Live Powerpoint Slide during auction with images and logo
- Featured Listing in Event program

• PREMIUM ONLINE AUCTION ITEMS / MINIMUM VALUE \$2,000

- These items are featured at the start of the online items listing, are featured in the printed event program and are promoted in socials and on screens during the event.

• ONLINE AUCTION ITEMS / MINIMUM VALUE \$250

WHAT'S IN IT FOR YOU?

- Product, venue and service promotion within our very loyal community of over 700 generous guests.
- A listing in our online auction platform including images, logo, description, URL link to your business.
- A listing in our printed event program for all guests.
- Promotion on our social media channels.
- By splitting a donated item you can cover the costs of your donation. For example; donate a \$500 dining voucher, split into 2 x \$250 and winners will attend your venue and spend over \$250.

BE A PART OF THIS INCREDIBLE JOURNEY -
BE ABLE TO SAY **"I HELPED IN ACHIEVING
A CURE"**

WHO WE ARE

PCSRF is a Gold Coast based charity founded by Perry Cross, a C2 ventilated quadriplegic. Our goal is to fund medical research to find a cure for paralysis.

WHAT WE DO

We are currently raising funds to support a human clinical trial for 10 people living with paralysis. The trial will be conducted by Griffith University, here on the Gold Coast, in 2024. The trial will cost \$8.5M and we have already raised \$7.5M. The Gala Dinner will help raise more funds to complete funding of the trial.

OUR WHY....

A spinal cord injury can happen to anyone at any time. There are over 20,000 Australians and millions world-wide living with this devastating condition. We want to help the spinal cord injury community restore feeling and regain function, like bowel and bladder control, but ultimately our greatest hope is to give people their dignity back. We want everyone to be able to stand and hold their families once more, to feel their toes in the sand and to have independence again.

CONTACT US

We have a wonderful team of volunteers assisting us with our events. Reach out to us at team@pcsr.org.au for more information.
